DETAILED ACTION

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Hwa on January 6, 2005.

The application has been amended as follows:

Cancel claims 2-15 and 29-41.

2. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or fairly suggest an image processing apparatus comprising: a first memory; an image processing unit adapted to change the first image data read from said first memory to second image data; a second memory used for storing the second image data; a switch adapted to select the first image stored in said first memory or the second image data stored in said second memory; and a video signal output unit adapted to convert the first or second image data selected by said switch to a video signal and output the video signal, wherein said switch selects the second image data after the second image data is stored in said second memory, and switch changes selection between the first and second image data during a vertical blanking period.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the
